p. Scoping Process

In accordance with the National Environmental Policy Act (NEPA), Commission staff will prepare either an environmental assessment (EA) or an environmental impact statement (EIS) (collectively referred to as the “NEPA document”). The NEPA document will consider both site-specific and cumulative environmental effects, and reasonable alternatives to the proposed action. The Commission’s scoping process will help determine the required level of analysis and satisfy the NEPA scoping requirements, irrespective of whether the Commission prepares an EA or EIS.

Scoping Meetings

Commission staff will hold two public scoping meetings to receive input on the scope of the environmental issues that should be analyzed in the NEPA document. The daytime scoping meeting will focus on resource agency, Native American Tribes, and non-governmental organization (NGO) concerns, while the evening scoping meeting will focus on receiving input from the public. We invite all interested agencies, Native American Tribes, NGOs, and individuals to attend one of these meetings to assist us in identifying the scope of environmental issues that should be analyzed in the NEPA document. Additionally, as noted below, Alabama Power will present a video tour of the proposed project area, using drone footage, at the scoping meetings. The dates, times and locations of these meetings are as follows:

Daytime Scoping Meeting

Date: Monday, July 10, 2023

Time: 2:00 p.m. - 4:00 p.m. CDT

Place: Rainbow City Community Center

Address: 3702 Rainbow Drive, Rainbow City, Alabama 35906

Evening Scoping Meeting

Time: 6:00 p.m. - 8:00 p.m. CDT

Place: Rainbow City Community Center

Address: 3702 Rainbow Drive, Rainbow City, Alabama 35906

Virtual Video Tour of the Chandler Mountain Project Area

A video tour using drone footage will be shown during both the
Daytime and Evening Scoping Meetings

Copies of SD1, outlining the subject areas to be addressed in the NEPA document, were distributed to the individuals and entities on the Commission's mailing list, as well as Alabama Power's distribution list, including 462 potentially interested landowners. Copies of SD1 will be available at the scoping meetings, or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, based on the scoping process.

Environmental Site Review

The applicant and Commission staff will conduct an environmental site review of the proposed project. All interested agencies, Native American Tribes, NGOs, and individuals are invited to attend. All participants are responsible for their own transportation and must wear closed-toe shoes/boots for walking in uneven/sloped terrain around the proposed project area. If you plan to attend the environmental site review, please contact Dave Anderson with Alabama Power at (205) 257-1398, or via email at chandlerpshlicensing@southernco.com, on or before June 28, 2023. If calling to RSVP, stakeholders should provide their name, phone number, and an email address. The time and location of the environmental site review is as follows:

Chandler Mountain Project On-Site Environmental Site Review

Date: Tuesday, July 11, 2023

Time: 9:00 to 11:00 a.m. (CDT); meeting time will be 8:45 a.m.

Place: The location to meet for the Environmental Site Review will be provided to those that RSVP. Space is limited.

Meeting Objectives

At the scoping meetings, Commission staff will: (1) initiate scoping of the issues; (2) review and discuss existing conditions; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of Federal, State, and Tribal permitting and certification processes; and (5) discuss the potential of any Federal or State agency or Native American Tribe to act as a cooperating agency for development of an environmental document. Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n of this document.

Meeting Procedures

The meetings will be recorded by a court reporter and become part of the Commission's formal record on the project.

Agencies, Native American Tribes, NGOs, and individuals with environmental expertise and concerns are encouraged to attend the meetings and to assist Commission staff in defining and clarifying the issues to be addressed in the NEPA document.

Dated: June 13, 2023.

Secretary.
